Dear Mr. Newman:

We have lived in Sun City for ten years and have watched and hurt as utility rates climb sky high. As with many other Sun City residents, our income is fixed and we can't keep up.

Now we are looking at Arizona-American's request for bundling and rate consolidations which would drastically increase our cost of water and sewer. If the Commission approves these measures, we would simply not be able to afford the increased rates.

Please do not allow Arizona-American to follow this course.

We depend on you Commissioners. Don't let us down!
